

# China good quality 8mm laminated glass for sale, the best 5/16 inch laminated glass price

## What is 8 mm laminated glass?

8mm [laminated glass](#), or we called 5/16 inch laminated glass, is made by two panels of 4mm thickness of clear float glass or tinted glass to be bidden by PVB material, this bidding is done in a high temperature and high-pressure autoclave. The lamination will be permanently together. The PVB thickness can be 0.38mm, 0.76mm, 1.14mm, etc. Also, color PVB can be used to make the 8mm laminated glass decorative, such as green PVB laminated glass, blue PVB laminated glass, milky white PVB or frosted PVB laminated glass, grey PVB laminated glass, etc.
