

Splendid decorative glass balustrade for decking 10+1.52pvb+10mm clear tempered laminated glass price

What is 10+1.52pvb+10 mm clear tempered glass laminated glass balustrade for decking?

10+1.52pvb+10mm clear tempered laminated glass balustrade for decking is using two glass panels of 10mm clear tempered glass to compose with a 1.52pvb interlayer forming a “sandwich” configuration. This “sandwich” laminated glass is undergoing a high temperature and high pressure for over 6 hours, therefore forming a permanent combination. 10+1.52pvb+10mm clear tempered laminated glass can endure

super strong impact and no breakage, even when one panel is broken due to extremely high impact the pvb interlayer will glue the glass together without spreading the glass pieces away.

Tempered glass laminated glass for decking price

Usually, there are two types of glass in decking: frame glass balustrade for decking, frameless glass balustrade for decking. As below pictures showing. You can choose whatever you like for your villa.

Frame tempered glass laminated glass for decking price
