What are 12mm clear tempered frosted glass office partitions?

12mm clear tempered frosted glass office partitions are adopting 12mm clear float glass cut to customized sizes and then do the frosted treatment(sandblasting or acid-etching) before sending to tempering machines. With the tempering process, the 12mm clear frosted glass is heated to over 700 degrees temperature and then cool down rapidly by a strong wind jet. This process will enhance the 12mm clear frosted glass strength up to 5 times. Making the 12mm clear frosted tempered glass super strong for frosted glass office partitions application.

12mm clear tempered frosted glass partitions are mainly intended to achieve decoration and privacy functions.

Frosted glass office partitions.
