

# 3 reasons to choose SDG customized design ceramic fritted glass tabletop: you will like the last reason

## What is ceramic fritted tempered glass tabletop?

[Dragon Glass](#) ceramic fritted glass tabletop is a type of glass that has been tempered and then printed with ceramic frit patterns, we also called [silk screen glass](#). It is a durable, scratch resistant surface that provides a unique look and texture to any home or commercial setting. It can be used as the glass tabletop of a dining table, coffee table, or [ESG](#) ceramic fritted glass tabletop conference table, adding an

aesthetic appeal to its surroundings.

### Ceramic fritted glass tabletop

We support **pattern customization** provided by customers, as well as **photos and pictures**. Our team will design and provide customers with choices. This product is not a conventional product but rather a customized one that meets different customer needs for this type of ceramic fritted glass tabletop.

## How Dragon Glass produce the silk screen glass tabletop?

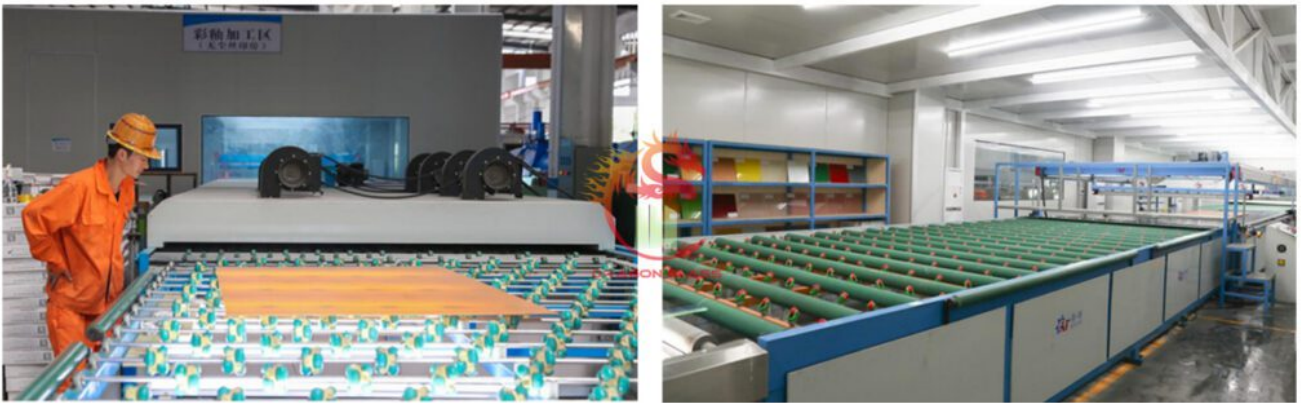

Also we can say why choose SDG silk screen glass?

**Reason 1:** when selecting raw materials, we always choose Chinese top brand such as Xinyi Glass and China South Glass to ensure no defects, no breakage, and much smaller thickness and size tolerance.

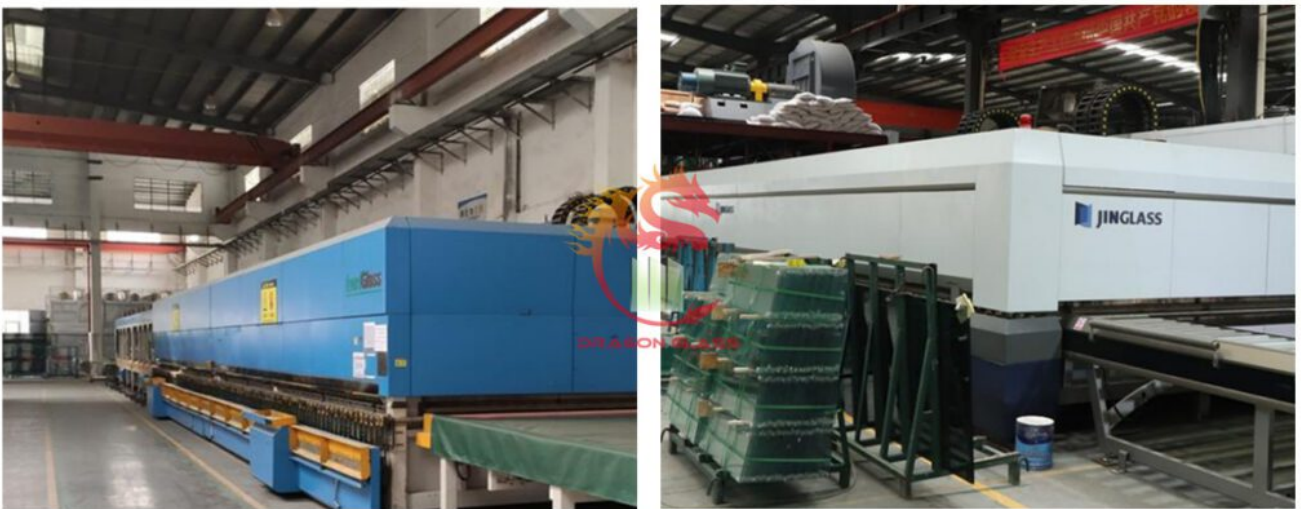

**Reason 2:** Advanced domestic and foreign colored glaze [ceramic fritted glass](#) machines and equipment, to achieve the clarity

of pictures, as well as precision.

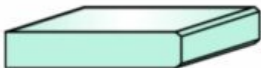

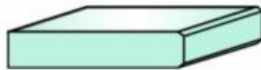

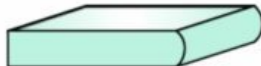

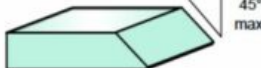

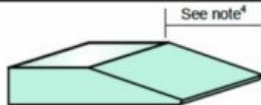

**Reason 3:** Our tempered glass production line, each worker craftsman has up to 8-10 years of fabricate experience, while the production supervisor has up to 15 years of experience. We strive to match the appropriate heating temperature and pressure in order to prevent damage to patterns of ceramic fritted glass tabletop, making our ESG glass more durable with low self-explosion rate of 0.1-0.3%, thus avoiding many safety issues for customers during use.

We also support different edges, corners of glass, such as bevel edge of glass, round edge/corner glass, and some others

## special works like below:

EDGE TYPES	Edge Type (non-tempered)	Glass Shape	Glass Thickness	Minimum Dimension <sup>1</sup>	Maximum Dimension <sup>2</sup>
Produced at Centennial Glass (1 to 2 day turnaround time)					
	Flat Polish	Straight	3/16" to 3/8"	4"x6"	176" diagonal
		Round	-	-	-
Factory Ordered (5 to 15 business days turnaround time)					
	Flat Polish	Straight	3/8" to 3/4"	4" x 6"	176" diagonal
		Round	5/32" to 3/4"	10" x 10"	84" diameter
	Pencil Polish	Straight	1/8" to 3/4"	2" x 2"	84" x 155"
		Round	1/8" to 3/4"	10" x 10"	84" diameter
	Miter	Straight	3/16" to 3/4"	2" x 2"	84" x 155"
		Round	-	-	-
	Bevel	Straight	3/16" to 3/4"	2" x 2"	84" x 155"
		Round	3/16" to 3/4"	10" x 10"	84" diameter
	Bull Nose	Straight	1/8", 3/16"	2" x 2"	84" x 155"
		Round	1/8", 3/16", 1/4"	10" x 10"	84" diameter
	Triple Waterfall	Straight	1/2"	12" x 12"	52" x 110"
		Round	1/2"	10" x 10"	84" diameter
	Ogee	Straight	1/2"	12" x 12"	52" x 110"
		Round	1/2"	10" x 10"	84" diameter
	V-Groove	Straight	3/16" to 3/4"	5" x 5"	84" x 123"
		Round	3/16" to 3/4"	5" x 5"	84" x 123"
